Helpful Steps for Removing Drawer

3. Should you have a need to remove the drawer from the cabinet, do the following:
 - a) Pull drawer out so that the runners are fully extended.
 - b) Simultaneously, press down on the black lever on the right side of the drawer and lift up on the black lever on the left side of the drawer. Ease the drawer away from the runners evenly.
 - c) To reinstall the drawer; align the runners on both sides of the drawer with those on the cabinet. Firmly push the drawer back into place. See Illustration #2.
